

**SPEND YOUR VACATION DAYS**

—AT AN—

## **Athlete's Summer Resort.**

Located on a commodious island. The buildings were erected at a cost of over \$95,000, while our nearest neighbors are on Fire Island, three miles across the bay. Hence, privacy is assured. Bag punching, scientific physical culture, swimming and correct breathing taught by experts. All exercises are conducted in the open air under my personal direction. While the resort does not take on the character of a hotel, an abundance of rest is given at proper intervals. Substantial and wholesome food, body-building in character, is provided by an experienced chef, while other recreations embrace blue-fishing, sailing, bathing, billiards, bowling, etc.

P.S.—Prof Levy is recognized as an athlete of pronounced ability, his Gymnasium and Turkish Baths being located at the E. T. George Hotel, in Brooklyn. He wants it thoroughly understood that Havemeyer Point is not meant for chronic invalids but for persons who have allowed themselves to be run down by neglecting to take proper care of themselves. His rates are \$12 per week for board and physical culture, and \$10 per week if two persons share the same room. Address, with stamp, for further information,

**PROF. MAC LEVY,  
Havemeyer Point, Oak Island, Babylon, L. I.**

P. S.—Summer reduced rate of \$15 for a scientific course at City Private Gymnasium, 63-65 Clark St., Brooklyn. Prof. Levy can be interviewed any Tuesday Evening at City Gymnasium.
